

MEMORANDUM FOR: Members of Training Selection Board

25X1A

An unusual case has presented itself which I feel requires Board action. [REDACTED], Executive Officer, DDS&T, on his own initiative applied for a Littauer Fellowship. As indicated in the attached letter from Harvard, he has been accepted.

25X1A

[REDACTED] is now faced with two alternatives: (1) to perform this study under Agency sponsorship, or (2) to accept the \$5600 grant. If the Agency sponsors [REDACTED] he would not receive the grant and the Agency would underwrite all costs, which would include salary, tuition, travel, and other costs associated with the study. If the Agency does not sponsor him, it would require that [REDACTED] take the time as leave without pay and he would receive a grant of \$5600 to cover tuition and associated costs.

25X1A
